

Building a Moderation Team

Recruiting Moderators

1. **Look for Regular Players**

- Players who know the server and community culture make great moderators.

2. **Set Application Criteria**

- Example: “Submit a 200-word application explaining your experience and why you’d like to join the team.”

3. **Conduct Interviews**

- Ask about past moderation experience and conflict resolution skills.

Training Your Team

- Provide guidelines on how to handle common scenarios, such as:
- Dealing with griefers.
- Resolving player disputes.
- Enforcing bans or mutes.
- Emphasize professionalism and consistency in rule enforcement.
