

Monitoring and Responding

Actively Monitor the Server

- Keep logs of chat, commands, and player actions.

Addressing Violations

1. Warnings

- For minor infractions, give a verbal or written warning.
- Use commands like `/warn <player>` (if supported by your plugin).

2. Temporary Actions

- Use **LiteBans** for temporary bans or mutes. Example:

```
/tempban <player> 1d Griefing
```

3. Permanent Bans

- Use **LiteBans** for consistent enforcement of permanent bans across your servers:

```
/ban <player> Rule violation
```

Communication with Offenders

- Be polite but firm when discussing issues with players.
- Provide evidence for your actions when possible.
